

HARVEST GRAPHICS

Sheryl Dinkel is by far one of the most up-beat and creative people I have ever had the pleasure to work with. She's also incredibly responsible and professional.

As the primary contact, creator and project manager for one of our top customers, Sheryl's work is consistently well-prepared, beautifully designed and easy to output. As a Graphic Design and Commercial Printing company, we receive files from all types of customers from beginning designers to art directors of large agencies - and Sheryl's work ranks with the highest marks for her understanding of pre-press and how to make a well-designed job also print well.

I can without hesitation recommend Sheryl for any creative position in the art and design industry. If you wish additional information, contact me by phone, please call me at 913-438-5556 ext 32. I know you'll be very lucky to have Sheryl Dinkel at your company.

Sincerely,

Chris Lyons
General Manager
